

System Security Awareness for Transit Employees

This course covers skill sets for observing, determining, and reporting activities, packages, and substances that are suspicious or out-of-place. It encourages employees to use common sense when faced with various circumstances so operations can run safely, smoothly, and efficiently. A focus is also placed upon an employee's initial priorities at the scene of a threat or incident.

If interested in taking this course, please fill out the Participant Data Sheet and bring it with you to give to the instructor – Mr. Karl Buettner.
